

Hei, jeg heter

## Grace Pauline Mazinyani

**Født: 18.04.2016**  
**SOS Children's Village Waterfalls, Zimbabwe**

With her rather busy fingers, Grace can now reach out for anything within her immediate environment. 'Please watch out for the baby!' SOS mother would say. She can now put food in her mouth without any help from Mama Hazvi, her SOS mother. She crawls from one end of the house to the other 'disturbing' everyone busy with household chores.

Grace came to join her SOS Family in SOS Children's Villages Waterfalls late 2016. She has started building a strong bond not only with her SOS mother, but also with the rest of the SOS family members. She can now produce some mimicking sounds of some names of family members. Grace has learnt so much looking at her day -to - day progress. She is such a lovely girl who is a darling to every child in the house. Older children take turns to strap her on their backs and they are often heard singing some lullabies to calm her down when she becomes irritable. The most enjoyable time is the feeding time for her. The girl just enjoys her food and she requires minimum disturbance until feeding is over.

Your sponsored child does not have the possibility to live in the biological family's care. SOS Children's Villages values every child's right to privacy, and for data protection reasons, we limit access to information about the children and their family. The best interests of the child are our main concern and we work closely with relatives and social authorities. Your sponsored child now has a loving home in an SOS family - thanks to sponsors like you.
